

THE CITY OF LANSING

INGHAM COUNTY TRAILS MILLAGE

COME OUT: THURSDAY, NOVEMBER 12, 2015

WHERE: FOSTER COMMUNITY CENTER
200 NORTH FOSTER AVENUE
LANSING, MICHIGAN 48912

TIME: 6:30 P.M.

WHY: The City of Lansing and Ingham County Trails and Parks Task Force needs your input to develop a plan to spend millage proceeds that voters approved. Approximately 3.4 million dollars yearly to maintain/repair/expand the regions network of non-motorized recreational trails, especially the Lansing River Trail. *This public meetings goal is to hear from the citizens and those who conduct events on the trail to determine how best to allocate funds. The Lansing River Trail is nationally recognized and is the oldest and longest trail in Ingham County. The City of Lansing is strongly advocating for the repair and maintenance of the existing River Trail as the first priority for this revenue and the enhancement and extension of the regional system as a secondary priority.*
